Reminisce - indulge in enjoyable recollection of the past...

The Living with a Changing Coast team are working to prepare a coastal reminiscence exhibition for Spring 2014. The exhibition will use old postcards, holiday snaps, paintings, film, audio and maps to show how the coast has changed at Studland, Swanage and Durlston and Wareham. If there is anyone, of any age, who would like to get involved we would love to hear from you. Any children interested in interviewing their grandparents or parents about how they have seen the coast change in this area for the exhibition could have the chance to win a great prize.
that the oceans were 100 metres lower than Poole and Bournemouth.
